PUMPING EQUIPMENT SPECIALISTS  EST. 1947

## LAMBERT AND TORRENS

### WHO ARE WE

Since 1947, Lambert and Torrens has prided itself on becoming a local leader for pumping solutions. Collectively, our staff have over 100 years of experience in the northern New South Wales region, and can supply, install and service a wide range of pumping solutions from the smallest household pressure pump to large agricultural irrigation pumps.

We always strive to provide the best quality pumping products available, supported by expert advice and full after sales service and support. Taking the time to understand the precise details of your pumping project, Lambert and Torrens will only recommend a product and solution that will deliver the best long-term results, no matter how large or small the project.

As one of northern New South Wales' most reliable pumping equipment specialists, Lambert and Torrens has a strong reputation for friendly service, experienced technicians, and efficient processes. We can assist you with most types of pump breakdowns and emergencies.

Our wide range of expertise means we have the solution to match your water needs. Whether it's for the home or garden, turf irrigation, water filtration, industrial and commercial or maintaining livestock, our team of specialists have you covered.

Lambert and Torrens is proudly part of Ruralco's water business division, the largest provider of water brokers and products to the Australian agricultural sector. Ruralco has a footprint of over 60 water businesses across Australia enabling us to further draw on the expertise of an integrated network.
